Department of Computer Science and Informatics

Action Taken Report 2022

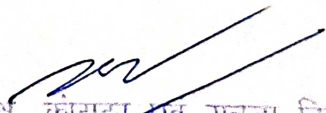

Meetings of all faculty members and the students of the department of Computer science and informatics were held on various occasions during the academic year and suggestions were sought for the improvement of the curriculum. Following is the feedback received from the students of Computer science and informatics regarding the curriculum and action taken by the Department of Computer science and informatics.

Feedback

The students asked for the organization of a seminar/workshop on computational modeling by an expert. The Seminar / workshop should focus on use of computational techniques in research and give a hands-on experience with statistical software.

Action Taken

In light of the suggestions received from the students, the Department of Computer science and informatics invited Dr. Kamal Raj Pardasani, Professor & Former Head, Department of Mathematics, Bioinformatics & Computer Applications, Manit, Bhopal, and Dr. Neeru Adlakha, Professor & Former Head, SVNIT, Surat, Gujarat, Centre for 2days seminar/ workshop. During this seminar, experts taught computational modeling and its application. Students found the workshop highly useful.
