

Program Report

Invited Lecture

on

Gender Equality

On 29 March 2023, the School of Physical & Material Sciences at Central University of Himachal Pradesh (CUHP), Shahpur Parisar organized a lecture on “Gender Equality”. The lecture was aimed at raising awareness about the importance of gender equality and empowering women to overcome the challenges they face in their lifetime. The lecture was delivered by Abha Bhaiya, who is a prominent social worker and women's rights activist and has been working towards women empowerment for about fifty years.

The lecture was attended by the faculty and students of Shahpur Parisar, CUHP, along with other guests from the community. She talked about the various problems faced by women throughout their lifetime, such as gender discrimination, harassment, unequal pay, and lack of opportunities. The sociological perspective of women's empowerment and gender equality were also discussed. She talked about how gender roles are created and reinforced in society and how it affects the way we think about men and women. She also highlighted the importance of education in changing the mindset of people and creating a society where women have equal rights and opportunities.

After the lecture, the faculty and students of Shahpur Parisar, CUHP, engaged in a fruitful discussion with Abha Bhaiya on different aspects of gender equality. They shared their own experiences and insights on the topic and discussed various solutions to achieve gender equality.
