Description:

The Visual Arts Department of the Central University of Himachal Pradesh, Dehra Campus, hosted a captivating exhibition at Himadri Art Gallery on 28 February 2023. The exhibition featured the exceptional talent of Aniket, Drisya, Kartik, Khushi, Prashant, Ritik, and Vysakh , pursuing BFA from CUHP.

The exhibition was inaugurated with ribbon cutting ceremony at 10:00 a.m. by honorable Chief Guest Prof. Harsh Vardhan, an eminent artist. Faculty members Prof. Ashutosh Pradhan Ji (Dept of social work, CUHP), Dr. Nirupama Singh (HOD, Dept of Visual Arts), Mr Manish Kumar Gond, Ved Paliwal, Dinesh Pal and Ramya Arry were also present at the event.

Students expressed their interests and area of concern that revolves around nature and beauty of Himachal Pradesh. Works like Nayan Pathgami by Drisya, Nature of sound by Karthik, Instability in Nature by Prashant, and Triple Goddess by Khushi are worth appreciating. Student's main idea is deep rooted connection with nature. The music of the natural world provided the foundation for crucial aspects of our human evolution, making our relations with nature innate. As we all know there can't be an ending to all this. Describing the beauty of something which in itself is beautiful is a complex task. The purpose of human life is to make life beautiful by

seeking knowledge and making progress in this tradition. Keeping this fact in mind we are walking on the path of knowledge to attain eternal bliss

By the end of day one of exhibition chief guest Prof. Harsh vardhan motivated and enlightened the students with his words of wisdom. He talked about art as the soul of humanity and nature. According to him everyone cannot speak about art. To achieve the goals, an artist has to work hard. One must have a unique point of view. One must have courage to speak and fulfill their dreams.
