ICT Infrastructure & Digitization

- National Optical Fiber Network (NOFN) connectivity is available through National Knowledge Network (NKN) program with a capacity of 1 Gbps extendible up to 100 Gbps.
 - 50 Mbps BSNL line is also operational and is being used as a backup line and a parallel resource.
 - Currently University has 420 Computer systems for student and faculty use (mostly with i3/i5/i7 processor), 22 Digital Interactive Boards, 200 Printers, 33 LED projectors across various departments/labs/offices.
 - All faculty members have been equipped with desktops.
 - 76 Laptops have been provided to University teaching & Non-teaching staff for academic and administrative work/activities.
-

Online SWAYAM MOOCs Prakosht

1. About

A massive open online course (MOOC /mu:k/) is an online course aimed at unlimited participation and open access via the web. In addition to traditional course materials such as filmed lectures, readings, and problem sets, many MOOCs provide interactive user forums to support community interactions among students, professors, and teaching assistants (TAs). MOOCs are a recent and widely researched development in distance education which were first introduced in 2006 and emerged as a popular mode of learning in 2012.

2. Our Team

- Core Team
 - Dr. O.S.K.S. Sastri – Honorary Director
 - Dr. Bhagwan Singh - Co-Ordinator

CRITERION II – TEACHING-LEARNING AND EVALUATION

QUALITATIVE INFORMATION REQUIRED

2.2.1 Special programmes initiated by the department/school for advance learners & slow Learners:

- ❖ Tutorials & Remedial Classes (2 - 4 Classes per week) were initiated for slow learner and advanced learner by respective Course Coordinator
(Documentary evidences: Copy of Time Table)

2.3.1 Details of student-centric teaching-learning methods, such as experiential learning, Participative learning and problem-solving methodologies for enhancing learning experiences. YES

- ❖ One Course offered by the Department on Vocational/Skill Courses (activity based learning) for 2020 batch onwards.

Course Code: PLS 471

Course Name: Community Development (2 Credit)

(Documentary evidences: Copy of Course content)

2.3.2 Details of ICT-enabled including online tools for effective teaching & learning processes (year-wise)

Year-Wise	Details of ICT-enabled including online tools for effective teaching & learning processes
2017	Projector, Internet LAN and WI-FI, connectivity, WPS etc.
2018	
2019	
2020	
2021

2.6.1 Details of programme/ course/ learning outcomes

Details of programme specific outcomes:

Plant Science is the broad discipline confined to various subjects involved with the study of plants. The M.Sc. Plant Science (Botany) curriculum framework is designed to provide students with complete knowledge of subject domain and technical skills related to plants in an integrated manner. This program aims to educate the students in all the possible areas of plant sciences with a unique combination of major and elective papers with notable interdisciplinary components.

The students completed post graduation with the Degree M.Sc Plant Science (Botany) will be able to acquire core competency in the subject Botany and in allied subject areas.

1. The students will be able to recognize and characterize major groups of plants such as algae, fungi, angiosperms and gymnosperms upto genus level.
2. The students will be able to inter-relate various plant processes and functions, ecology, and environment, bioenergetics of metabolism, genetics, breeding and molecular biology of various plant domains.
3. The students will become competent enough in various analytical and technical methods related to plant sciences.
4. Students will be able to develop skills and expertise viz. plant tissue culture, phytochemistry, omics and protected cultivation, involving the uses of plants in ways that benefit mankind.
5. The students completing the course are competent enough to perform research projects (Dissertation) using various tools and techniques in plant sciences and develop scientific temper and research attitude.

Students are made aware about the usage of bioinformatics tools and databases and the application of statistics to plant research. The program focuses on overall development of the students to face the competitive world. The syllabus of all courses in the programme has been designed in such a way that the students can prepare for national level competitive examinations like CSIR-NET (JRF), SET etc. and also able to explore the opportunities in the area of teaching and research.

University Website Link:

6.2 Methods used to attain the attainment of programme/ course/ learning outcomes.

❖ Effective methods have been adopted in the Department for the evaluation and assessment of course/programme outcomes. Presentations and lessons have been prepared by the students regularly. Assignments have been given to students time to time so that they get acquainted with the basic botanical aspects. Program Assessment Student feedback has been obtained at the time of their final semester.

Concerned faculty used to advise the relevancy of courses in the required curriculum.

In addition to the above information, please provide details of students along with complete information i.e., Name of the students, enrolment number, contact number, and email address for third party feedback as per attached detail.

- ❖ Feedback Form has been submitted by students of respective academic sessions along with their complete information (*Documentary evidences: 2.7.1*).

2.3.2 ICT-enabled including online tools for effective teaching & learning processes.

To make classroom teaching more effective and learning more resourceful following practices school uses on a regular basis.

- Group discussions were arranged on various topics from time to time.
- Powerpoint presentation enabled with animations.
- Use of YouTube for showing documentaries to support the relevant content.
- Ted talks were used to understand the perspective of the content.
- Use of Whatsapp groups for circulation of course related information or content.
- e content access is provided from JStor , Shodhganga to have research based evidence of the topic.
- Zoom classes and google meet is used often to interact with students via online mode.

2.3 Teaching –Learning Process

2.3.1 Percentage of teachers using ICT for effective teaching with Learning Management Systems (LMS), E-learning resources etc.(current year data)

Number of teachers on roll	Number of teachers using ICT(LMS, e-Resources)	ICT tools and resources available	Number of ICT enabled classrooms	Number of smart classrooms	E-resources and techniques used
04	04	Projectors Desktops	01	nil	JSTOR Project Muse

2.3.2 Students mentoring system available in the institution? Give details.(maximum500 words)

2.3.2 ICT-enabled including online tools for effective teaching & learning processes.

To make classroom teaching more effective and learning more resourceful following practices school uses on a regular basis.

- Group discussions were arranged on various topics from time to time.
- Power point presentation enabled with animations.
- Use of YouTube for showing documentaries to support the relevant content.
- Ted talks were used to understand the perspective of the content.
- Use of Whatsapp groups for circulation of course related information or content.
- e content access is provided from JStor , shodhganga to have research based evidences of the topic.
- Zoom classes and google meet is used often to interact with student via online mode.

**INDIAN MUSEUM
CALCUTTA**

1. It is the **oldest** and **largest** museum of India (1814) by Asiatic Society and **ninth oldest** regular museum of the world. (Present building-1878)
2. Today, the museum has over **sixty galleries** of **Art, Archaeology, Anthropology, Geology, Zoology** and **Botany** sections. (10,000 sq ft area).
3. Many **rare specimens** of both **Indian and Trans-Indian** origin relating to **Humanities and Natural Science** are preserved and displayed in museum.

<https://indianmuseumkolkata.org/cmspages/collection-details/MJA%3D>

GOVERNMENT MUSEUM, Chennai

1. Known as the **Madras Museum**, it was established in **1851**. (present building (1854): Egmore, Chennai).
2. It is the **second oldest** museum in India, after the Indian Museum at Kolkata (1814).
3. It is particularly rich in **archaeological and numismatic** collections. It has the largest collection of **Roman antiquities** outside Europe.
4. The **National Art Gallery** is also present in the museum premises. It houses rare works of artists such as **Raja Ravi Verma**.

Swadesh Darshan Scheme

Swadesh Darshan Scheme is a Central Sector scheme launched in 2014-15 by the Ministry of Tourism and Culture, Government of India for the integrated development of theme-based tourist circuits.

The scheme aims to promote, develop and harness the potential of tourism in India. Under the Swadesh Darshan scheme, the Ministry of Tourism provides Central Financial Assistance – CFA to State Governments, Union Territory Administrations for the infrastructure development of circuits.

This scheme is envisioned to synergise with other schemes like Swachh Bharat Abhiyan, Skill India, Make in India etc. with the idea of positioning the tourism sector as a major engine for job creation, the driving force for economic growth, building synergy with various sectors to enable tourism to realise its potential.

SUSTAINABLE DEVELOPMENT

"Tourism that takes full account of its current and future economic, social and environmental impacts, addressing the needs of visitors, the industry, the environment and host communities"

Sustainable tourism development guidelines and management practices are applicable to all forms of tourism in all types of destinations, including mass tourism and the various niche tourism segments. Sustainability principles refer to the environmental, economic, and socio-cultural aspects of tourism development, and a suitable balance must be established between these three dimensions to guarantee its long-term sustainability.

BIODIVERSITY

UNWTO strives to promote tourism development that supports, in equal measure, the conservation of biodiversity, the social welfare and the economic security of the host countries and communities.

BIODIVERSITY →

CLIMATE ACTION

Tourism is both highly vulnerable to climate change while at the same time contributing to it. Threats for the sector are diverse, including direct and indirect impacts such as more extreme weather events, increasing insurance costs and safety concerns, water shortages.
