## Business Lab

Our Business lab has been established to foster the research and academic environment. The lab is utilized by MBA students, research scholars and faculty members. It was established in year 2020. The lab is equipped with software R for data analysis. Beside office computers, the Lab facilitates and encourages the use of personal laptops. Software installed in the business lab helps users to learn data analytics and problem-solving skills.

To facilitate support for students to comply with curriculum activities like assignments preparations for seminars, and browsing information on contemporary issues, the lab also facilitates ideating and discussion. The students are given training in communication, confidence-building, career development, CV writing and self-awareness. This lab is also used to conduct Personality Development for Students, Skill Building Programmes, Developing Communication Skills in Students, and Interview Guidance / Group Discussions.
