MA Semester: I

Course Name: Women in Indian History

Course Code: HIS455

Teacher: Dr. Raghvendra Yadav

Paper: Minor

Credits: 04

Credits Equivalent: 4 Credits (One credit is equivalent to 10 hours of lectures/organized classroom activity/contact hours; 5 hours of laboratory work/practical/field work/Tutorial/teacher-led activity and 15 hours of other workload such as independent individual/group work; obligatory/optional work placement; literature survey/library work; data collection/field work; writing of papers/projects/dissertation/thesis; seminars, etc.)

Course Objectives: This course aims to introduce the student about the women in Ancient, Medieval, Colonial, and tribal societies, and women's representations in literature and societies.

Course Outcomes:

- ❖ The course will make the student learn about the women in Ancient, Medieval, Colonial, and tribal societies.
- ❖ Women's representations in literature and societies will be discovered.
- ❖ The evolutionary ideas behind art and architecture will be understood.
- ❖ The learners will learn about the different sources of study to understand women's history.
- ❖ The status of women in different religious and cultural systems will be known.
- ❖ Various factors that shaped the position of women will be discovered.
- ❖ Aspects of women in tribal systems will be learned.
- ❖ Understanding the role of women in the Indian freedom movement will be an outcome.

Attendance Requirements: Students are expected to attend all lectures in order to be able to fully benefit from the course. A minimum of 75% attendance is a must failing which a student may not be permitted to appear in examination.

Evaluation Criteria:

1. Mid Term Examination: 20%
2. End Term Examination: 60%
3. Continuous Internal Assessment: 20%, i.e. 20 marks out of 100

Unit-I

Sources of Study-Literary and Archaeological Sources, Archival and Non-Archival Sources, Govt. Files, Census Reports, Private papers, Autobiographies.

Unit-II

Religion and Women-Brahmanical, Jainism, Buddhism, Christianity, Islam and Sikhism, Reform movement and Women-Bhakti Movement, Brahma samaj, Arya samaj.

Unit-III

Customary and Legal status of Women-Ancient India, Medieval India, Colonial India, Post-Independent India and Tribal societies: Role of Women in Household, Agriculture Industry and their Right of property

Unit-IV

Education and Women-Ancient India, Medieval India, Colonial India, Post-Independent India. Rise and growth of women's organizations in colonial and Post-Independent India. Political Participation of Women, Various Movements of Women in colonial and Post Independent India. The role women in Independence Movement.

Unit-V

Women and Culture-Women representation and participation in Literature, Art, Sculpture, Music, Dance, Cinema, historical Writings and Media.

MA Semester: I

Course Name: Bhartiya Knowledge System

Course Code: HIS457

Teacher: Dr. Pravat Ranjan Sethi

Paper: IKS

Credits: 02

Credits Equivalent: 2 Credits (One credit is equivalent to 10 hours of lectures/organized classroom activity/contact hours; 5 hours of laboratory work/practical/field work/Tutorial/teacher-led activity and 15 hours of other workload such as independent individual/group work; obligatory/optional work placement; literature survey/library work; data collection/field work; writing of papers/projects/dissertation/thesis; seminars, etc.)

Course Objectives: To introduce the students to the Bhartiya knowledge system which encapsulates the ancient/traditional education system and various schools of philosophy and to acquaint them with various technological and scientific endeavours in the Bhartiya *parampara*.

Course Outcomes:

- ❖ The course will delve into the antiquity of the Bhartiya civilization.
- ❖ It will make learners help build a deeper appreciation of knowledge attainments of India since earliest times.
- ❖ How the Bhartiya Knowledge System encompassed varied dimensions of human life will be learned.
- ❖ The course will develop an interdisciplinary acumen in the learners as it will deal with Bhartiya sciences, art and architecture.
- ❖ The course will develop the feeling of pride vis a vis the nation as the knowledge provider of the world.

Attendance Requirements: Students are expected to attend all lectures in order to be able to fully benefit from the course. A minimum of 75% attendance is a must failing which a student may not be permitted to appear in examination.

Evaluation Criteria:

1. Mid Term Examination: 20%
2. End Term Examination: 60%
3. Continuous Internal Assessment: 20%, i.e. 20 marks out of 100

Unit I: Bharatiya Civilization and Development of Knowledge System (4 hours)

Antiquity of Civilization; Discovery of the Saraswati River; the Saraswati-Sindhu Civilization; Traditional Knowledge System; The Vedas; School of Philosophy (6+3); Ancient Education System; the Takshila University; the Nalanda University

Unit II: Arts, Literature and Scholars in Ancient Bharat (4 hours)

Art, Music and Dance; Nataraja- A masterpiece of Bharatiya Art; Literature; Life and works of Agastya, Lopamudra, Ghosha, Valmiki, Patanjali, Vedavyasa, Yajnavalkya, Gargi, Caraka, Sushruta, Kanada, Kautilya, Panini, Thiruvalluvar, Aryabhata, Bhaskaracharya, Madhavacharya.

Unit III: Ancient Bhartiya Contribution towards Science & Mathematics (4 hours)

Sage Agastya's Model of Battery; Vedic Cosmology and Modern Concepts; Concept of Zero and Pi; Number System; Pythagoras Theorem and Vedic Mathematics; Kerala School for Mathematics and History of Culture of Astronomy; Astronomical _ of day, year and Yuga.

Unit IV: Ancient Bhartiya Engineering, Technology & Architecture (4 hours)

Pre-Harappan and Sindhu Valley Civilization; Juices, Dyes, Paints and Cements, Glass and Pottery, Metallurgy; Iron Pillar of Delhi, Rakhigarhi, Mehrgarh; Sindhu Valley Civilization; Marine Technology; and Bet-Dwarka.

Unit V: Ancient Bhartiya Contribution in Environment & Health (4 hours)

Ethnic Studies; Life Science in Plants; Agriculture; Ecology and Environment; Ayurveda; Integrated Approach to Healthcare; Surgery and Yoga, etc.

MA Semester: II

Course Name: Political and Economic History of India during 16th-17th Centuries

Course Code: HIS461

Teacher: Dr. Narayan Singh Rao

Paper: Major

Credits: 04

Credits Equivalent: 4 Credits (One credit is equivalent to 10 hours of lectures/organized classroom activity/contact hours; 5 hours of laboratory work/practical/field work/Tutorial/teacher-led activity and 15 hours of other workload such as independent individual/group work; obligatory/optional work placement; literature survey/library work; data collection/field work; writing of papers/projects/dissertation/thesis; seminars, etc.)

Course Objectives: This course aims to introduce the student to the political and economic aspects of Indian history during the medieval period, particularly from the beginning of the Mughal period up till the rule of Aurangzeb.

MA Semester: II

Course Name: National Movement of India – II: 1858 to 1947

Course Code: HIS463

Teacher: Dr. Kanwar Chanderdeep Singh

Paper: Major

Credits: 04

Credits Equivalent: 4 Credits (One credit is equivalent to 10 hours of lectures/organized classroom activity/contact hours; 5 hours of laboratory work/practical/field work/Tutorial/teacher-led activity and 15 hours of other workload such as independent individual/group work; obligatory/optional work placement; literature survey/library work; data collection/field work; writing of papers/projects/dissertation/thesis; seminars, etc.)

Course Objectives: The Indian national movement took a different course after the events of 1857 with several outward changes came in appearance and character of the British rule and simultaneous growth of Indian political consciousness. Indian nationalism became more organized and vehement with intra-national and international interplay of factors. The Indian National Congress, the revolutionaries, Gandhi were the major players on the road towards independence and partition which had been marred by divisive communalism. Through this course it is intended that the learners would discern and comprehend diverse historical phenomenon and changes unleashing during the period of study.

Course Outcomes:

- ❖ The learner will be acquainted with the dynamics of the history of India in the latter half of the 19th century and the first half of the 20th century.
- ❖ The learners will understand the broad as well as nuanced trends in the matured phases of British rule from its concretization.
- ❖ The Indian national movement took a different course after the events of 1857 with several outward changes came in the appearance and character of the British rule will be discovered.
- ❖ How the growth of Indian political consciousness led to the different forms of resistance against the colonial rule will be learned.
- ❖ The course will acquaint the seekers with the nature and forms of imperialist tools of suppression and domination.
- ❖ Indian responses, ultimately factoring in the culmination of major pushes for swaraj will be learned.
- ❖ The Indian National Congress, the revolutionaries, and Gandhi were the major players on the road towards independence and partition which had been marred by divisive communalism. These dynamics will be understood.
- ❖ Through this course, it is intended that the learners would discern and comprehend diverse historical phenomena and changes unleashed during the period of study.
- ❖ New areas of scholarly research will be opened for learners who wish to pursue in that direction.

Attendance Requirements: Students are expected to attend all lectures in order to be able to fully benefit from the course. A minimum of 75% attendance is a must failing which a student may not be permitted to appear in examination.

Evaluation Criteria:

1. Mid Term Examination: 20%
2. End Term Examination: 60%
3. Continuous Internal Assessment: 20%, i.e. 20 marks out of 100

Unit-1

Indian polity after 1858: Rise of Political Consciousness, Associations and Indian National Congress; Era of Loyalist Politics and Moderation; Imperial Attitudes

Unit-2

Challenging the Empire: Assertive Nationalism, Partition of Bengal, Politico-Economic Ferment and Colonial Reactions; Politics of the First World War

Unit-3

Emergence of Gandhi: His Ideas, Philosophy and Politics from Champaran to Quit India; Emergence of Communalism and Sectarian Politics- Muslim League and Others

Unit-4

Alternative Road to Independence: Rise of Revolutionary Nationalism; Influences, Strategies and Actions; Diasporic Revolutionary Currents: Early Efforts and Ghadar; Interwar Revolutionary Praxis; Subhash Chandra Bose and Azad Hind Fauj

Unit-5

The Second World War, Colonial State and Anti-colonial Responses; Political Bargain, Partition and Independence; Integration of Princely States

MA Semester: II

Course Name: Introduction to the History of Himalayan Regions

Course Code: HIS464

Teacher: Dr. Thuktan Negi

Paper: Minor

Credits: 02

Credits Equivalent: 2 Credits (One credit is equivalent to 10 hours of lectures/organized classroom activity/contact hours; 5 hours of laboratory work/practical/field work/Tutorial/teacher-led activity and 15 hours of other workload such as independent individual/group work; obligatory/optional work placement; literature survey/library work; data collection/field work; writing of papers/projects/dissertation/thesis; seminars, etc.)

Course Objectives: This course aims to introduce the student to the history of the Himalayan regions along with other related aspects of landscape, people, social structure and dynamics of economy and polity. It also aims to acquaint students with the extent of the region encompassing J&K in the north to Arunachal Pradesh in the east and the neighbouring countries.

Course Outcomes:

- ❖ This course will make students learn about the history of the Himalayan regions along with other related aspects of landscape, people, social structure and dynamics of economy and polity.
- ❖ It also aims to acquaint students with the extent of the region encompassing J&K in the north to Arunachal Pradesh in the east and the neighbouring countries.
- ❖ The learners will understand the social and cultural aspects of different communities.
- ❖ Traditional economic and occupational patterns of Himalayan communities will also be understood.
- ❖ The dynamics of religious communities residing in the Himalayas will be learned.
- ❖ The course will acquaint the seekers with the nature and forms of linguistic, artistic and cultural diversities.
- ❖ Oral and written traditions of Himalayan communities will be learned.
- ❖ New areas of scholarly research on the Himalayan region from historical perspectives will be opened for learners.

Attendance Requirements: Students are expected to attend all lectures in order to be able to fully benefit from the course. A minimum of 75% attendance is a must failing which a student may not be permitted to appear in examination.

Evaluation Criteria:

1. Mid Term Examination: 20%
2. End Term Examination: 60%
3. Continuous Internal Assessment: 20%, i.e. 20 marks out of 100

Unit-1

Physical Landscape of the Western, Central and Eastern Himalayas; Sources: literary and archaeological; Peoples of Western and Eastern Himalayas – races, tribes, castes and religious communities; Social Structure and dynamics; Tourism and Migration

Unit-2

Oral and Written Traditions in the Himalayas; J&K, Himachal Pradesh, Uttarakhand, Sikkim and Arunachal Pradesh; Nepal, Bhutan, Tibet- historical relations with India; trans-himalayan trade linkages; Strategic environment and geopolitics in the Himalayan Region

Unit-3

Traditional economy and occupation; livelihood patterns; Tribal and peasant society; nomadic societies- Gujjars; The politics of the Himalayan States

Unit-4

Culture, identity and politics: ethno-cultural characteristics; Caste, Class and ethnicity; Religion- Hinduism and Buddhism; Shrines and monasteries

Unit-5

Process of assimilation and integration- cultural syncretism in Himalayas; Linguistic Diversity; Art and Culture; indigenous and foreign elements

MA Semester: II

Course Name: Understanding Archaeology

Course Code: HIS467

Teacher: Dr. Rajeev Kumar

Paper: Skill/Vocational

Credits: 02

Credits Equivalent: 2 Credits (One credit is equivalent to 10 hours of lectures/organized classroom activity/contact hours; 5 hours of laboratory work/practical/field work/Tutorial/teacher-led activity and 15 hours of other workload such as independent individual/group work; obligatory/optional work placement; literature survey/library work; data collection/field work; writing of papers/projects/dissertation/thesis; seminars, etc.)

Course Objectives: Archaeology, a sub-discipline of anthropology, is the study of human, biological, and material remains for the purpose of reconstructing past cultures and societies. The course introduces students to the study and practice of archaeology as well as explores its diverse relationships with allied disciplines and fields. We will explore the early history and background of archaeology, as well as discuss advances in methods of excavation, analysis and interpretation through contemporary times.

Course Outcomes:

- ❖ The course will develop the students' basic as well as advanced understanding of archaeology.
- ❖ The learners will understand the relationship of archaeology with other social sciences.
- ❖ This will acquaint the students with the evolution of the discipline of archaeology in India.
- ❖ The students will learn about advances in methods of excavation, analysis and interpretation through contemporary times.
- ❖ The learners will know the contribution of prominent archaeologists.

Attendance Requirements: Students are expected to attend all lectures in order to be able to fully benefit from the course. A minimum of 75% attendance is a must failing which a student may not be permitted to appear in examination.

Evaluation Criteria:

1. Mid Term Examination: 20%
2. End Term Examination: 60%
3. Continuous Internal Assessment: 20%, i.e. 20 marks out of 100

Unit-1

Basic Understanding of Archaeology, Importance of Archaeology, Relation between History and Archaeology, Geology and Archaeology, Anthropology and Archaeology, Contributions of Archaeological Survey of India.

Unit-2

Development of Archaeology in India, Contributions of Alexander Cunningham, Robert Bruce Foote, Burgess, Lord Curzon, Mortimer Wheeler, R. D. Banerji, Daya Ram Sahani, B.B.Lal, Dilip

Kumar Chakrabarti etc. Field Archaeology: Exploration techniques, Exploration tools, Excavation methods

Unit-3

Pre And Proto History of India: History of Indian Prehistory; Epigraphy, Paleography & Numismatics: Importance of Epigraphy – Asokan Edicts; Copper plates. Importance of Numismatics

Suggested Readings

MA Semester: II

Course Name: Science and Technology in Ancient India

Course Code: HIS468

Teacher: Dr. Rajeev Kumar

Paper: IKS

Credits: 02

Credits Equivalent: 2 Credits (One credit is equivalent to 10 hours of lectures/organized classroom activity/contact hours; 5 hours of laboratory work/practical/field work/Tutorial/teacher-led activity and 15 hours of other workload such as independent individual/group work; obligatory/optional work placement; literature survey/library work; data collection/field work; writing of papers/projects/dissertation/thesis; seminars, etc.)

Course Objectives: This course aims to introduce the student to the various facets of science and technology in Indian history from the earliest times to the modern period, viz. development in agriculture, metallurgy, mathematics, astronomy, medicine, etc.

Course Outcomes:

- ❖ The course will make the student learn about broad trends in the evolution of science and technology in Indian history from the earliest times to the modern period.
- ❖ The learners will understand particularly the advances in development in agriculture, metallurgy, mathematics, astronomy, medicine, etc.
- ❖ The learners will become acquainted with the important scientists of ancient India.
- ❖ Various forms of discoveries and inventions will be made known to the learners.

Attendance Requirements: Students are expected to attend all lectures in order to be able to fully benefit from the course. A minimum of 75% attendance is a must failing which a student may not be permitted to appear in examination.

Evaluation Criteria:

1. Mid Term Examination: 20%
2. End Term Examination: 60%
3. Continuous Internal Assessment: 20%, i.e. 20 marks out of 100

Unit-1

Sources of history on science and technology in India; Origins and development of technology in pre-historic period; Agriculture and growth of science and technology; Science and Technology during Vedic and Later Vedic times;

Unit-2

Development in different branches of Science: Astronomy, Mathematics, Medicine and Engineering; Developments in metallurgy: Use of Copper, Bronze and Iron in Ancient India

Unit-3

Prominent Indian Scientists (Ancient)- Mathematics and Astronomy: Baudhayan, Aryabhata, Brahmagupta, Bhaskaracharya, Varahamihira, Nagarjuna; Medical Science of Ancient India (Ayurveda and Yoga): Susruta, Charak, Yoga and Patanjali; Unani Medicine

MA Semester: III

Course Name: History of Revolutionary Nationalism in Modern India

Course Code: HIS583

Paper: Major (Elective Specialization)

Teacher: Dr. Kanwar Chanderdeep Singh

Credits: 04

Credits Equivalent: 4 Credits (One credit is equivalent to 10 hours of lectures/organized classroom activity/contact hours; 5 hours of laboratory work/practical/field work/Tutorial/teacher-led activity and 15 hours of other workload such as independent individual/group work; obligatory/optional work placement; literature survey/library work; data collection/field work; writing of papers/projects/dissertation/thesis; seminars, etc.)

Course Objectives: This course aims to introduce the student to the history of revolutionary nationalism in modern India, i.e. the role of various revolutionary movements and revolutionaries in the road towards independence. Through this course it is intended that the learners would discern and comprehend diverse historical phenomenon and changes unleashing during the period of study.

Course Outcomes:

- ❖ This course introduces the student to the various facets of the history of Indian revolutionary thought.
- ❖ The student will learn about the history of revolutionary nationalism in modern India.
- ❖ The students will gain basic knowledge of the motivations behind the revolutionary movement.
- ❖ The growth of revolutionary nationalism in different parts of India will be understood.
- ❖ The course out would also include the gaining of knowledge about the important revolutionaries of the national movement.
- ❖ The learners will become acquainted with the Ghadr movement.
- ❖ The course will generate curiosity among the learners about the contribution of the Indian National Army toward Indian independence.
- ❖ Knowledge will be acquired about the revolutionary philosophies.
- ❖ The students will learn about the important thinkers and their thoughts on revolution.

Attendance Requirements: Students are expected to attend all lectures in order to be able to fully benefit from the course. A minimum of 75% attendance is a must failing which a student may not be permitted to appear in examination.

Evaluation Criteria:

1. Mid Term Examination: 20%
2. End Term Examination: 60%
3. Continuous Internal Assessment: 20%, i.e. 20 marks out of 100

Unit-1

Revolutionary nationalism as alternative to moderate (constitutional) nationalism - Theorizing a revolution, its motivation (external and internal) and philosophy; Revolutionary past before 1857- Nascent ideas, methods and major events, popular resistances and uprisings

Unit-2

Post-1857 Revolutionary scenario- Rise of revolutionary centres and secret societies; Regional variants in Bengal, Maharashtra and other parts of India; Revolutionary Philosophies and British imperatives- Cases of Anushilan Samitis, Jugantar Party, Abhinav Bharat Society; Revolutionary societies abroad- India House, Ghadar Party and Berlin Committee

Unit-3

Shifting spaces and paradigms of revolution- Revolutionary nationalism in the aftermath of Rowlatt Act and Jallianwallah Bagh; The Naujawan Bharat Sabha, Hindustan Socialist Association and Hindustan Socialist Republican Army

Unit-4

Revolutionary lull 1930s to 1941- Causes; The rise of Indian National Army, Revolt of Indian naval ratings and INA trials; Consequential aftermath

Unit-5

Dichotomy of nationalisms- Revolutionary contestation versus constitutional loyalism; Debates and prominent ideologues – B.G. Tilak, Aurobindo Ghosh, V.D. Savarkar, Bhagat Singh and Subhash Chandra Bose

MA Semester: III

Course Name: Contemporary India: Since 1947

Course Code: HIS584

Teacher: Dr. Rajeev Kumar

Paper: Major (Elective Specialization)

Credits: 04

Credits Equivalent: 4 Credits (One credit is equivalent to 10 hours of lectures/organized classroom activity/contact hours; 5 hours of laboratory work/practical/field work/Tutorial/teacher-led activity and 15 hours of other workload such as independent individual/group work; obligatory/optional work placement; literature survey/library work; data collection/field work; writing of papers/projects/dissertation/thesis; seminars, etc.)

Course Objectives: This course aims to introduce the student to India's contemporary history encompassing the making of modern India which includes major events, issues, challenges, changes and responses in post-independence era.

Course Outcomes:

- ❖ Its outcome will lead a learner towards developing a detailed understanding of India after Independence.
- ❖ How various political and economic phenomenon unfolded in decolonized India will be understood.
- ❖ The course will bring a learner to the present years where several landmark decisions took place.
- ❖ The course intends to develop the historical understanding of political processes.
- ❖ This course introduces the student to challenges, changes and responses of the post-independence era.
- ❖ The student will learn about the history of revolutionary nationalism in modern India.
- ❖ The students will gain basic knowledge of about the pertinent foreign policy issues.
- ❖ The students will acquire knowledge of long pending domestic issues and their solutions by the different governments.

Attendance Requirements: Students are expected to attend all lectures in order to be able to fully benefit from the course. A minimum of 75% attendance is a must failing which a student may not be permitted to appear in examination.

Evaluation Criteria:

1. Mid Term Examination: 20%
2. End Term Examination: 60%
3. Continuous Internal Assessment: 20%, i.e. 20 marks out of 100

Unit-1

Freedom & Partition; Integration of Princely States; Framing of the Constitution; Indian Republic and the Parliamentary Democracy; Linguistic Reorganization of States, 1956; Emergency under Indira; emergence of coalition politics; Mandal Commission; Panchayati Raj, Niti Ayoga; Ram Mandir in Ayodhya; Abrogation of Article 370 and 35A; Ban on Triple Talaq

MA Semester: III

Course Name: Research Methodology in History

Course Code: HIS585

Teacher: Dr. Kanwar Chanderdeep Singh

Paper: Minor

Credits: 04

Credits Equivalent: 4 Credits (One credit is equivalent to 10 hours of lectures/organized classroom activity/contact hours; 5 hours of laboratory work/practical/field work/Tutorial/teacher-led activity and 15 hours of other workload such as independent individual/group work; obligatory/optional work placement; literature survey/library work; data collection/field work; writing of papers/projects/dissertation/thesis; seminars, etc.)

Course Objectives: This course aims to introduce the student to the discipline of History in social sciences and to acquaint students with the meanings and nature of history and historiography. It also aims to instill the required methodology for studying history and conducting historical research.

Course Outcomes:

- ❖ Its outcome will lead a learner towards developing an understanding of what entails research.
- ❖ How research is conducted in social sciences in general and history in particular will be made comprehensible.
- ❖ The learner will get to know about different types of researches in history and which one could be most appropriate to his research proposal.
- ❖ Various research concepts like causation, subjectivity, objectivity, ethics *etc.* will be understood by the learners.
- ❖ The course will enthuse a discerning research ability in the learners.
- ❖ The student will learn about broad and subtle research tools for conducting historical research.
- ❖ This course introduces the student to challenges linkages of history with other social sciences.
- ❖ This course will equip the student with necessary training for pursuing PhD.

Attendance Requirements: Students are expected to attend all lectures in order to be able to fully benefit from the course. A minimum of 75% attendance is a must failing which a student may not be permitted to appear in examination.

Evaluation Criteria:

1. Mid Term Examination: 20%
2. End Term Examination: 60%
3. Continuous Internal Assessment: 20%, i.e. 20 marks out of 100

Unit-1

Meaning and rationality; nature and scope; Aspects- social, political, economic, religious, cultural, ecological; Types- national, regional, local, oral, visual, textual, archival; History and social

science disciplines- sociology, political science, geography, economics, anthropology, natural sciences; Objectivity and bias in history; causation; generalization; interpretation; idea of progress in history, Oral history

Unit-2

Definition and Meaning, Types of research; Ethics in Social Science research, Theory building and research in social sciences; selection of topic of research and research in history: Causation; Relations with Political Science, Sociology and Geography, Psychology

Unit-3

Research methods- qualitative and quantitative; hypothesis; Data collection and selection; Historical criticism- deconstruction; Sources of information- types; internal and external

Unit-4

Elements and Techniques- Research process in history; Analysis of data; generalization and synthesis of facts

Unit-5

Formalization of research work- foot notes, tables, references, indexing; Report, Research Paper, Project and Thesis

MA Semester: III

Course Name: Software Based Data Analysis

Course Code: HIS586

Teacher: Dr. Pravat Ranjan Sethi

Paper: Skill/ Vocational

Credits: 04

Credits Equivalent: 4 Credits (One credit is equivalent to 10 hours of lectures/organized classroom activity/contact hours; 5 hours of laboratory work/practical/field work/Tutorial/teacher-led activity and 15 hours of other workload such as independent individual/group work; obligatory/optional work placement; literature survey/library work; data collection/field work; writing of papers/projects/dissertation/thesis; seminars, etc.)

Course Objectives: Digital History is an introduction to the issues involved in creating an educational history. The digital age is affecting all aspects of historical study, but much of the existing literature about history in the digital age can be alienating to the traditional historian who does not necessarily value or wish to embrace digital resources.

Course Outcomes:

- ❖ Its outcome will lead a learner towards developing an understanding of Digital History.
- ❖ It will be understood that the Digital History is an introduction to the issues involved in creating an educational history.
- ❖ How research is conducted in social sciences in general and history in particular by using the digital sources will be made comprehensible to the students.
- ❖ The learner will get to know about different types of digital resources.
- ❖ The student will learn about digital tools of doing research in history.
- ❖ This course will promote digital literacy among the learners of history.
- ❖ This will equip the student with necessary digital and online training for pursuing PhD and other researches.

Attendance Requirements: Students are expected to attend all lectures in order to be able to fully benefit from the course. A minimum of 75% attendance is a must failing which a student may not be permitted to appear in examination.

Evaluation Criteria:

1. Mid Term Examination: 20%
2. End Term Examination: 60%
3. Continuous Internal Assessment: 20%, i.e. 20 marks out of 100

Unit -1

To understand digital writing and Open Educational Resources (OER) development including syllabi, online courses, class assignments, open textbooks, and primary sources.

Unit-2

Digital history resources for research and teaching, Digital Collections and exhibitions

Unit -3

Tools Relevant to Digital History, DIRT-Digital Research Tools Directory, Data Visualization.

Unit-4

Programming Historian: Topics such as data management, data manipulation, mapping and GIS, and digital exhibits.

Unit -5

Historypin: Archive of Historical photos, videos, audio recordings, Google Maps to create maps with markers and annotations

Suggested Readings

MA Semester: III

Course Name: Review of Literature, Research Proposal

Course Code: HIS587

Credits: 08

Teacher: Dr. Pravat Ranjan Sethi

Credits Equivalent: 8 Credits (One credit is equivalent to 10 hours of lectures/organized classroom activity/contact hours; 5 hours of laboratory work/practical/field work/Tutorial/teacher-led activity and 15 hours of other workload such as independent individual/group work; obligatory/optional work placement; literature survey/library work; data collection/field work; writing of papers/projects/dissertation/thesis; seminars, etc.)

Course Objectives: The broader aim is to make a researcher acquaint with the basic understanding of research methodology in history; to inculcate the idea of discipline centric research; to develop a sense of critical reading of texts; and to make aware of how to use sources and computer for enhancing research output.

Course Outcomes:

- ❖ Its outcome will lead a learner towards developing an understanding of what entails research and the importance of review of literature in history.
- ❖ How research is conducted in social sciences in general and history in particular will be made comprehensible.
- ❖ The learning of the skill of literature review will be an outcome of this course.
- ❖ The learner will get to know about different types of researches in history and which one could be most appropriate to his research proposal.
- ❖ Various research concepts like generalization, Historical criticism, Structuralism and Post structuralism, Deconstruction, Modernism and Post Modernism, the learners will understand.
- ❖ The course will enthuse a discerning research ability in the learners by making them understand the techniques involved in survey of literature.
- ❖ The student will learn about the making of research proposal for different research avenues.
- ❖ This will equip the student with necessary training for pursuing PhD.

Attendance Requirements: Students are expected to attend all lectures in order to be able to fully benefit from the course. A minimum of 75% attendance is a must failing which a student may not be permitted to appear in examination.

Evaluation Criteria:

1. Mid Term Examination: 20%
2. End Term Examination: 60%
3. Continuous Internal Assessment: 20%, i.e. 20 marks out of 100

- **Theory Paper**

Credit: 04

Unit – 1:

Review of Literature in History

Survey of Literature, types of Literature Review, use of Libraries and Archives consulting primary and secondary sources.

Unit – 2:

Tools for Literature Review

Understanding generalization, Historical criticism, Structuralism and Post structuralism, Deconstruction, Modernism and Post Modernism.;

Unit – 3:

Making of Research Proposal

Understanding research process in history; Selection of subject, preparing synopsis; Historiographical Review; Hypothesis, Collection and classification of data; Chapterization

Unit-4

Tools for Research Proposal

Post data collection phase: analysis, generalization, synthesis and discussion. Formalizing research work: footnotes, charts, tables, arrangement of references, indexing appendices, bibliography, Presentation: Research paper, Dissertation, Thesis, Project, Report

Unit-5

Use of ICT in Making Research Proposal

Basic computer: MS word, PPT, Photoshop basic Using internet, reliability of internet information recommended

Practical

Credit: 04

Assignments and Presentation on Each Unit

MA Semester: IV

Course Name: Modern World History: 1789-1945

Course Code: HIS588

Teacher: Dr. Pravat Ranjan Sethi

Paper: Major (Elective Specialization)

Credits: 04

Credits Equivalent: 4 Credits (One credit is equivalent to 10 hours of lectures/organized classroom activity/contact hours; 5 hours of laboratory work/practical/field work/Tutorial/teacher-led activity and 15 hours of other workload such as independent individual/group work; obligatory/optional work placement; literature survey/library work; data collection/field work; writing of papers/projects/dissertation/thesis; seminars, etc.)

Course Objectives: This course aims to introduce the student to the modern history of world events which were instrumental in shaping and reshaping of relations and world order. Major issues and trends would delve into the various aspects of modern world history.

Course Outcomes:

- ❖ Its outcome will lead a learner towards developing a detailed understanding of the modern history of world events, which were instrumental in shaping, and reshaping of relations and world order.
- ❖ How various political phenomenon unfolded in modern world will be understood by the learner.
- ❖ The course will bring a learner to the yester years where several landmark events like French revolution, American revolution and Russian Revolution took place.
- ❖ The course intends to develop the historical understanding of global political processes.
- ❖ This course introduces the student to challenges, changes and responses to emergent world order.
- ❖ The student will learn about the causations and impact of imperialism in modern world.
- ❖ The students will gain fundamental knowledge of world wars and the dynamics involved.
- ❖ The students will acquire knowledge regarding the establishment of UNO and the decolonization process.

Attendance Requirements: Students are expected to attend all lectures in order to be able to fully benefit from the course. A minimum of 75% attendance is a must failing which a student may not be permitted to appear in examination.

Evaluation Criteria:

1. Mid Term Examination: 20%
2. End Term Examination: 60%
3. Continuous Internal Assessment: 20%, i.e. 20 marks out of 100

Unit-1

The French Revolution 1789- Causes and Course of the Revolution; The Constituent Assembly and the National Convention; Effects of the Revolution; Legacy

Unit-2

American Civil War- Politics of Sectionalism; Lincoln, the War and the Emancipation Proclamation; Issues, historiography, interpretations

Unit-3

History of USSR- Revolutions of 1905; Towards Bolshevik Revolution; Russian Revolution of 1917 and socio-economic foundations of a socialist state; Lenin and Stalin

Unit-4

Imperialism; First World War: Causes, Course and Effects; Collective Security and League of Nations; The Great Depression; The New Deal

Unit-5

Fascism and Nazism; Militarism in Japan; Second World War: Causes, Course and Effects; The New World Order; UNO; Decolonization

MA Semester: IV

Course Name: India's Relations with South and Southeast Asia

Course Code: HIS590

Teacher: Dr. Rajeev Kumar

Paper: Major (Elective Specialization)

Credits: 04

Credits Equivalent: 4 Credits (One credit is equivalent to 10 hours of lectures/organized classroom activity/contact hours; 5 hours of laboratory work/practical/field work/Tutorial/teacher-led activity and 15 hours of other workload such as independent individual/group work; obligatory/optional work placement; literature survey/library work; data collection/field work; writing of papers/projects/dissertation/thesis; seminars, etc.)

Course Objectives: This course aims to introduce the student to India's contemporaneous relations with the two significant regions, namely South Asia and Southeast Asia. It will acquaint the students with India's influence in both the regions in terms of historical, cultural, economic and strategic engagement.

Course Outcomes:

- ❖ Its outcome will lead a learner towards developing a detailed understanding of India's contemporaneous relations with South Asia.
- ❖ Its outcome will lead a learner towards developing a detailed understanding of the India's contemporaneous relations with South East Asia.
- ❖ How various political phenomena unfolded in contemporary south and south east Asia will be learned.
- ❖ The course will bring a learner to the knowledge about India's influence in both the regions in terms of historical, cultural, economic and strategic engagement.
- ❖ The course intends to develop the historical understanding of international political processes.
- ❖ This course introduces the student to challenges, changes and responses to emergent world order.
- ❖ The students will gain fundamental knowledge of terrorism in Asian context.
- ❖ The students will acquire knowledge regarding India-ASEAN relations.

Attendance Requirements: Students are expected to attend all lectures in order to be able to fully benefit from the course. A minimum of 75% attendance is a must failing which a student may not be permitted to appear in examination.

Evaluation Criteria:

1. Mid Term Examination: 20%
2. End Term Examination: 60%
3. Continuous Internal Assessment: 20%, i.e. 20 marks out of 100

Unit-1

South Asia as a region; India's centrality; demographic asymmetry; China in South Asia; Geopolitical realities and historical background of South Asia; geographic and historical engagement; India's political and economic relations with South Asian countries; Economic Linkages, asymmetry and the centrality of India; SAFTA; FTA with Sri Lanka; Cultural Interactions- Religious affinity; Arts and Material Culture of South Asia – Sculpture, Performing Arts, Painting, Architecture, Folklore

Unit-2

The genesis of SAARC: Historical Evolution, Members, bilateral cooperation, Zia-ur-Rehman Proposal of 1980, Colombo Meeting 1981 and the First SAARC Summit, Dacca 1985; Rationale, Principles and Objectives; South Asian search for collective self-reliance – Economic compulsions, political imperatives, geographical contiguity, geostrategic factors, socio-cultural commonalities, patterns and complementarily in development; India's role in SAARC

Unit-3

Challenges and opportunities of SAARC- Factors responsible for its non-emergence as an effective regional block; problems of integration; Issues in South Asia: History of Refugees in South Asia; Terrorism in South Asia; Regional imbalance; Political Instability, Corruption and lack of Intra-party Democracy

Unit-4

Southeast Asia as a region, members; India's influence in the region; Historical and cultural engagement; India's relations with member countries; India's economic dynamism in the regional context; Regional Cooperation: Areas of Complementarities and Conflicts; regional trade/economic arrangements/agreements in the region

Unit-5

India-ASEAN Free Trade Agreement, India-Singapore CECA; Delhi Dialogue; India's Look East/Act East Policy; 3-Cs (Commerce, Connectivity, Culture); India's Role in ASEAN; Strategic Partnership; Tourism & Connectivity; Challenges and Responses: Balancing China

MA Semester: IV

Course Name: Academic Writing

Paper Publication/ Seminar-Conference Presentation at National Level

Course Code: HIS591

Paper: Minor

Teacher: Prof. Narayan Singh Rao

Credits: 04

Credits Equivalent: 4 Credits (One credit is equivalent to 10 hours of lectures/organized classroom activity/contact hours; 5 hours of laboratory work/practical/field work/Tutorial/teacher-led activity and 15 hours of other workload such as independent individual/group work; obligatory/optional work placement; literature survey/library work; data collection/field work; writing of papers/projects/dissertation/thesis; seminars, etc.)

Course Objectives: The major aim of this paper is to train the students in art and skill of writing an academic research paper so as to make the student well versed in the relevant techniques.

Course Outcomes:

- ❖ The learning of the art and skill of writing an academic research paper is the major outcome of this course.
- ❖ Its outcome will lead a learner towards developing an understanding of what entails a research paper.
- ❖ How research is conducted in social sciences in general and history in particular will be made comprehensible.
- ❖ The learning of the skill of as how to make the student well versed in the relevant techniques of paper presentation.
- ❖ The learner will get to know about different types of researches in history and which one could be most appropriate to his research proposal.
- ❖ The student will learn about the making of research proposal for different research avenues.
- ❖ This will equip the student with necessary training for pursuing PhD.
- ❖ The student will learn about empirical and theoretical understanding of research.

Attendance Requirements: Students are expected to attend all lectures in order to be able to fully benefit from the course. A minimum of 75% attendance is a must failing which a student may not be permitted to appear in examination.

Evaluation Criteria:

1. Mid Term Examination: 20%
2. End Term Examination: 60%
3. Continuous Internal Assessment: 20%, i.e. 20 marks out of 100

- **Theory Paper**

Credit: 02

Unit -1

Types of Academic Writing, Basic Ways to Improve Your Style in Academic Writing and Features of Academic Writing Style. To understand the importance of academic writing and to understand and avoid the plagiarism.

Unit -2

Reading Strategies, Describe the different characteristics of qualitative and quantitative methods and evaluate the suitability of different methods to solve different types of research questions.

Unit -3

A Summary of an article or a report, Book Review, research question, scientific strategies and methodological choices, and analyze an empirical and theoretical material. Target the research work to suitable journal and communication for publication, understand research proposal writing, conference abstract and book writing

- **Practical Paper**

Credit: 02

Paper presentation in seminar, conferences, symposium and workshops.

Paper Publication in an academic Journals

Suggested Readings

- Research Methodology by C.R. Kothari
- Understanding Research Methods: An Overview of the Essentials by Mildred L. Patten & Michelle Newhart
- Research Design: Qualitative, Quantitative, and Mixed Methods by John W. Creswell and J. David Creswell
- The Craft of Research by Wayne C. Booth, Gregory G. Colomb, and Joseph M. Williams
- Research Methodology: A Step-by-Step Guide for Beginners by Dr. Ranjit Kumar
- Essentials of Research Design and Methodology by Geoffrey R. Marczyk

MA Semester: IV

Course Name: Subject Based Data Analysis

Course Code: HIS592

Teacher: Dr. Pravat Ranjan Sethi

Paper: Skill/ Vocational

Credits: 04

Credits Equivalent: 4 Credits (One credit is equivalent to 10 hours of lectures/organized classroom activity/contact hours; 5 hours of laboratory work/practical/field work/Tutorial/teacher-led activity and 15 hours of other workload such as independent individual/group work; obligatory/optional work placement; literature survey/library work; data collection/field work; writing of papers/projects/dissertation/thesis; seminars, etc.)

Course Objectives: Historical analysis is a rapidly expanding field with broad applicability throughout the social sciences, and the humanities. The ability to use and analyze data effectively in historical research provides a highly desirable and broadly applicable skill set in academia, in government, and in the private sector.

Course Outcomes:

- ❖ The learning of the art and skill Historical analysis is a rapidly expanding field with broad applicability throughout the social sciences and the humanities.
- ❖ Its outcome will lead a learner towards developing an understanding of what entails a data analysis.
- ❖ How research is conducted in social sciences in general and history in particular will be made comprehensible.
- ❖ The learning of the skill of classifying different types of sources will be an outcome of this course.
- ❖ The learner will get to know about Historical analysis is a rapidly expanding field with broad applicability throughout the social sciences.
- ❖ The student will learn about the making of research proposal for different research avenues.
- ❖ This will equip the student with Researching in Oral History.
- ❖ The student will learn about empirical and theoretical understanding of research.

Attendance Requirements: Students are expected to attend all lectures in order to be able to fully benefit from the course. A minimum of 75% attendance is a must failing which a student may not be permitted to appear in examination.

Evaluation Criteria:

1. Mid Term Examination: 20%
2. End Term Examination: 60%
3. Continuous Internal Assessment: 20%, i.e. 20 marks out of 100

- **Theory Paper**

Credit: 02

Unit -1

Types of Data in History: Primary, Secondary and Tertiary Sources; Formats, Methods of Data Collection, Representation, and Analysis; Probability in History

Unit -2

Chronological Thinking; Historical Comprehension and Perspective; Historical Narratives; Comparative and Ethnographic Designs to Historical Reconstruction. Inscription Design.

Unit -3

Historical Research Capabilities: Historical Questions, Historical Evidence; Researching Oral History

Unit -4

Analysis of Historical Data and Sequences; Critical Thinking; Influence of Ideas and Opinions in Historical Analysis; Counterfactual Analysis

Unit-5

Interpretation of Historical Approaches; Shaping of Historical Perspectives; Arguments on Historical Inevitability and Determinism

Practical Paper**Credit: 02**

Assignments and Presentation on each unit.

MA Semester: IV

Course Name: Dissertation

Presentation and Viva-Voce

Course Code: HIS593

Credits: 08

Teacher: Dr. Kanwar Chanderdeep Singh / Dr. Rajeev Kumar

Credits Equivalent: 4 Credits (One credit is equivalent to 10 hours of lectures/organized classroom activity/contact hours; 5 hours of laboratory work/practical/field work/Tutorial/teacher-led activity and 15 hours of other workload such as independent individual/group work; obligatory/optional work placement; literature survey/library work; data collection/field work; writing of papers/projects/dissertation/thesis; seminars, etc.)

Course Objectives: Dissertation for the learners is intended to make them well versed with broader understanding of academic research simultaneously enhancing their writing skills. The basic elements of research writing will be inculcated among the learners by giving them independent research topics which also includes field work.

Course Outcomes:

- ❖ Dissertation for the learners will make the students well versed with broader understanding of academic research simultaneously enhancing their writing skills.
- ❖ The basic elements of research writing will be inculcated among the learners by giving them independent research topics which also includes field work.
- ❖ How research is conducted in social sciences in general and history in particular will be made comprehensible.
- ❖ The learning of the skill of classifying different types of sources will be an outcome of this course.
- ❖ The learner will get to know about Historical analysis is a rapidly expanding field with broad applicability throughout the social sciences.
- ❖ The student will learn about the making of research presentation for different research avenues.
- ❖ This will equip the student with methodologies for conducting research in History.
- ❖ The students will become well versed in viva voce.
- ❖ The student will learn about empirical and theoretical understanding of research.

Attendance Requirements: Students are expected to attend all lectures in order to be able to fully benefit from the course. A minimum of 75% attendance is a must failing which a student may not be permitted to appear in examination.

Evaluation Criteria:

1. Mid Term Examination: 20%
2. End Term Examination: 60%
3. Continuous Internal Assessment: 20%, i.e. 20 marks out of 100

Contents for the Dissertation and Viva-Voce: The students will be a working dissertation on the broader as well as specific themes based on their semester syllabus. The teacher supervisor for the dissertation in consultation with the concerned student will decide and assign the topic. Dissertation has to be completed within the time specified by the department. The subject

matter for the dissertation could be of fundamental nature, thematic as well as interpretative which may involve the usage of primary, secondary and tertiary sources. No monetary help will be offered to the students for the dissertation by the department. However, they are free to generate funds from external resources. On the successful completion of the dissertation, the candidate has to submit a dissertation which will be evaluated by External Examiner and a viva-voce to this effect will also be conducted. The overall performance of the candidate, i.e. in completing and submitting dissertation and viva-voce will determine the final score in the paper.

Ph.D. Course Content

PAPER-I

Course Name: Research Methodology in History

Course Code: REM600

Teacher: Dr. Kanwar Chanderdeep Singh

Paper: Core

Credits: 04

Credits Equivalent: 4 Credits (One credit is equivalent to 10 hours of lectures/organized classroom activity/contact hours; 5 hours of laboratory work/practical/field work/Tutorial/teacher-led activity and 15 hours of other workload such as independent individual/group work; obligatory/optional work placement; literature survey/library work; data collection/field work; writing of papers/projects/dissertation/thesis; seminars, etc.)

Course Objectives: The broader aim is to make a researcher acquaint with the basic understanding of research methodology in history; to inculcate the idea of discipline centric research; to develop a sense of critical reading of texts; and to make aware of how to use sources and computer for enhancing research output.

Course Outcomes:

- ❖ Its outcome will lead a learner towards developing an understanding of what entails research.
- ❖ How research is conducted in social sciences in general and history in particular will be made comprehensible.
- ❖ The learner will get to know about different types of researches in history and which one could be most appropriate to his research proposal.
- ❖ Various research concepts like causation, subjectivity, objectivity, ethics *etc.* will be understood by the learners.
- ❖ The course will enthuse a discerning research ability in the learners.
- ❖ The researcher will learn about broad and subtle research tools for conducting historical research.
- ❖ This course introduces the researcher to linkages of history with other social sciences.

Attendance Requirements: Students are expected to attend all lectures in order to be able to fully benefit from the course. A minimum of 75% attendance is a must failing which a student may not be permitted to appear in examination.

Evaluation Criteria:

1. Mid Term Examination: 20%
2. End Term Examination: 60%
3. Continuous Internal Assessment: 20%, i.e. 20 marks out of 100

Unit – I: Understanding Research

- A. Definition and Meaning
- B. Types of research; Ethics in Social Science research
- C. Theory building and research in social sciences; selection of topic of research
- D. Research in history: Causation; Relations with Political Science, Sociology and Geography

Unit – II: Methods in History

- A. Qualitative and Quantitative; Descriptive and Analytical; Inductive and Deductive; Subjectivity and Objectivity; Generalization
- B. Historical criticism: External and Internal criticism
- C. Reading and re-reading: Structuralism, Post Structuralism, deconstruction, Modernism, Post-modernism and history
- D. Comprehending sources and their authenticity: Primary and Secondary (Archaeological, literary and web-based)

Unit – III: Techniques of Historical Research

- A. Understanding research process in history; Selection of Subject
- B. Preparing synopsis; Historiographical Review; Hypothesis
- C. Collection and classification of data; Chapterization
- D. Post data collection phase: analysis, generalization, synthesis and discussion

Unit – IV: Arrangement, Presentation and Execution of Research

- A. Formalizing research work: footnotes, charts, tables, arrangement of references, indexing appendices, bibliography
- B. Presentation: Research paper, Dissertation, Thesis, Project, Report
- C. Basic computer: MS word, PPT, Photoshop basic
- D. Using internet, reliability of internet information recommended; archival sources

PAPER-II

Course Name: Research and Publication Ethics

Course Code: RPE601

Teacher: Prof. Narayan Singh Rao

Paper: Core

Credits: 02

Credits Equivalent: 2 Credits (One credit is equivalent to 10 hours of lectures/organized classroom activity/contact hours; 5 hours of laboratory work/practical/field work/Tutorial/teacher-led activity and 15 hours of other workload such as independent individual/group work; obligatory/optional work placement; literature survey/library work; data collection/field work; writing of papers/projects/dissertation/thesis; seminars, etc.)

Course Objectives: The course focuses on basics of philosophy of science and ethics, research integrity and publication ethics.

Course Outcomes:

- ❖ The course will help the researchers learn about research integrity.
- ❖ It will help the researchers in understanding the ethics related to research and publication.
- ❖ The researcher will be able to learn the basics of conducting objective research.
- ❖ The course will benefit the researchers in conceptualizing their research.

Attendance Requirements: Students are expected to attend all lectures in order to be able to fully benefit from the course. A minimum of 75% attendance is a must failing which a student may not be permitted to appear in examination.

Evaluation Criteria:

1. Mid Term Examination: 20%
2. End Term Examination: 60%
3. Continuous Internal Assessment: 20%, i.e. 20 marks out of 100

THEORY

Unit – I: Philosophy and Ethics

- A. Introduction to philosophy: definition, nature and scope, concept, branches
- B. Ethics: definition, moral philosophy, nature of moral judgements and reactions

Unit – II: Scientific Conduct

- A. Ethics with respect to science and research
- B. Intellectual honesty and research integrity
- C. Scientific misconducts: Falsification, Fabrication, and Plagiarism (FFP)
- D. Redundant publications: duplicate and overlapping publications, salami slicing
- E. Selective reporting and misrepresentation of data

Unit – III: Publication Ethics

- A. Publication ethics: definition, introduction and importance

- B. Best practices / standards setting initiatives and guidelines: COPE, WAME, etc.
- C. Conflicts of interest
- D. Publication misconduct: definition, concept, problems that lead to unethical behavior and vice versa, types
- E. Violation of publication ethics, authorship and contributorship
- F. Identification of publication misconduct, complaints and appeals
- G. Predatory publishers and journals

PRACTICE

Unit – IV: Open Access Publishing

- A. Open access publications and initiatives
- B. SHERPA/RoMEO online resource to check publisher copyright & self-archiving policies
- C. Software tool to identify predatory publications developed by SPPU
- D. Journal finder / journal suggestion tools viz. JANE, Elsevier Journal Finder, Springer Journal Suggester, etc.

Unit – V: Publication Misconduct

- A. Group Discussion
 1. Subject-specific ethical issues, FFP, authorship
 2. Conflicts of interest
 3. Complaints and appeals: examples and fraud from India and abroad
- B. Software tools
 1. Use of plagiarism software like Turnitin, Urkund and other open-source software tools

Unit – VI: Databases and Research Metrics

- A. Databases
 1. Indexing databases
 2. Citation databases: Web of Science, Scopus, etc.
- B. Research Metrics
 1. Impact Factor of journal as per Journal Citation Report, SNIP, SJR, IPP, Cite Score
 2. Metrics: h-index, g index, i10 index, altmetrics

Suggested Readings

K.S. Kitchener and R.F. Kitchener. 2009. *Social Science Research Ethics: Historical and Philosophical Issues*.

Richard Schwartz. *On Ethics in Social Science Research*.

Donna M. Mertens and Pauline E. Ginsberg. Ed. 2009. *The Handbook of Social Research Ethics*.

PAPER-III

Course Name: Pedagogy of Teaching-Learning Process

Course Code: PTLP

Paper: University-wide Course (Core)

Teacher: Prof. Narayan Singh Rao

Credits: 02

Credits Equivalent: 2 Credits (One credit is equivalent to 10 hours of lectures/organized classroom activity/contact hours; 5 hours of laboratory work/practical/field work/Tutorial/teacher-led activity and 15 hours of other workload such as independent individual/group work; obligatory/optional work placement; literature survey/library work; data collection/field work; writing of papers/projects/dissertation/thesis; seminars, etc.)

Course Objectives: To enable the learners to:

- ❖ Understand about teaching-learning process, its various aspects.
- ❖ Understand about content analysis and instructional objectives.
- ❖ Explain the meaning of curriculum, and discuss principles as well as approaches of curriculum development.
- ❖ Understand and practice various teaching skills in concerned subjects.
- ❖ Understand and practice different teaching methods and strategies in concerned subjects.
- ❖ Understand the concept and types of assessment.
- ❖ Develop classroom tests for evaluating students' performance in concerned subjects.
- ❖ Understand various latest developments in teaching-learning and assessment processes.
- ❖ Explain the meaning of pedagogical analysis and its different components.
- ❖ Perform pedagogical analysis in concerned subject areas.

Course Outcomes:

- ❖ The course will help the researchers to understand the meaning of pedagogy and analysis.
- ❖ The course will help the researchers to understand the meaning and significance of teaching-learning and the various processes associated with it.
- ❖ The course will help the researchers in practicing various teaching skills in concerned subjects.

Attendance Requirements: Students are expected to attend all lectures in order to be able to fully benefit from the course. A minimum of 75% attendance is a must failing which a student may not be permitted to appear in examination.

Evaluation Criteria:

1. Mid Term Examination: 20%
2. End Term Examination: 60%
3. Continuous Internal Assessment: 20%, i.e. 20 marks out of 100

Unit – I: Basics about Teaching-Learning

Concept and Nature of Teaching and Learning. Objectives of teaching-learning at higher education level, Stages of teaching, Qualities of an Effective Teacher at Higher Level; Understanding psychology of youth and individual differences in classroom; How to tackle individual differences effectively?

Unit – II: Content Analysis, Instructional Objectives and Classroom Communication

Concept and Process of Content Analysis, Meaning and importance of instructional objectives in behavioural terms, How to write Instructional Objectives in Behavioural Terms? **(Discipline-specific)**, How to make classroom communication effective? How to use online/virtual platforms for effective teaching-learning?

Unit – III: Curriculum Development and Teaching-Learning Material

Meaning, components and types of curriculum, Principles and approaches of curriculum development; How to select content (theory and practical syllabus) and activities for curriculum of a particular course? **(Discipline-specific)**, Examining effectiveness and usefulness of existing curriculum; How to make effective use of TLM and laboratories for improving TL process? **(Discipline-specific)**

Unit – IV: Pedagogical Analysis, Teaching Skills and Methods

Concept and process of pedagogical analysis (Discipline-specific); Practicing different Teaching Skills: Skill of introducing the lesson, explaining, illustrating, questioning, stimulus variation, writing on board and achieving closure; Applying Different Teaching Methods and Strategies: Lecture, Lecture-cum-Demonstration, Group & Panel Discussion, Seminars, Tutorials, Team Teaching, etc. *(Other Discipline-specific Teaching Strategies and Approaches can be included by concerned subject teacher by replacing above).*

Unit – V: Assessment Tools and Techniques

Concept and Types of Assessment: Placement, Formative, Diagnostic and Summative; Applying Assessment Tools: Tests, Rating Scales, Rubrics, Quizzes **(Discipline-specific)**; Applying assessment techniques: Observation, Interview (viva-voce); How to develop objective type and essay type tests **(Discipline-specific)**; Marking scheme and assessment of practical skills **(Discipline-specific)**; Latest developments in evaluation: Grading system and CBCS; CCA; Internal, midterm and end-term evaluation **(Discipline-specific)**.

PAPER-IV

Course Name: Indian Traditional Knowledge and Practices

Course Code: ITKP651

Teacher: Dr. Pravat Ranjan Sethi

Paper: Core

Credits: 02

Credits Equivalent: 2 Credits (One credit is equivalent to 10 hours of lectures/organized classroom activity/contact hours; 5 hours of laboratory work/practical/field work/Tutorial/teacher-led activity and 15 hours of other workload such as independent individual/group work; obligatory/optional work placement; literature survey/library work; data collection/field work; writing of papers/projects/dissertation/thesis; seminars, etc.)

Course Objectives: To introduce the researchers to the Indian knowledge system which encapsulates the ancient/traditional education system and various schools of philosophy and to acquaint them with various technological and scientific endeavours in the *Bhartiya parampara*.

Course Outcomes:

- ❖ The course will delve into the antiquity of the Indian civilization.
- ❖ It will make learners help build a deeper appreciation of knowledge attainments of India since earliest times.
- ❖ How the Indian Knowledge System encompassed varied dimensions of human life will be learned.
- ❖ The course will develop an interdisciplinary acumen in the learners as it will deal with *Bhartiya* sciences, art and architecture.
- ❖ The course will develop the feeling of pride vis a vis the nation as the knowledge provider of the world.

Attendance Requirements: Students are expected to attend all lectures in order to be able to fully benefit from the course. A minimum of 75% attendance is a must failing which a student may not be permitted to appear in examination.

Evaluation Criteria:

1. Mid Term Examination: 20%
2. End Term Examination: 60%
3. Continuous Internal Assessment: 20%, i.e. 20 marks out of 100

Unit I: Indian Traditional Knowledge

(4 hours)

Indian Traditional Knowledge System; The Vedas; Indian Philosophical Systems; Ancient Education System; Gurukul Parampara; Agriculture; Ecology and Environment; Traditional Knowledge on Environmental Conservation; Healthcare; Surgery and Yoga, etc.

Unit II: Traditional Arts and Literature

(4 hours)

Art, Music and Dance; Nataraja- A masterpiece of *Bharatiya* Art; *Natyashastra*; Theatre and Drama; Language and Literature; Life and works of Agastya, Valmiki, Patanjali, Vedavyasa, Yajnavalkya, Gargi, Caraka, Sushruta, Kautilya, Kalidas, Panini, Thiruvalluvar, Aryabhata.

Unit III: Science & Mathematics in Ancient India (4 hours)

Vedic Cosmology; Astronomy; Chemistry in Early Literature; Ayurveda; Traditional Medicine; Concept of Zero and Pi; Number System; Pythagoras Theorem and Vedic Mathematics; Kerala School of Mathematics.

Unit IV: Ancient Indian Engineering, Technology & Architecture (4 hours)

Civil Engineering in Sindhu-Sarasvati Civilization; Pre- and post-Harappan Metallurgy; Glass, Pottery, Textiles, Shipping and Marine Technology; Iron Pillar of Delhi; Engineering Marvels in Temple Architecture; Forts and Palaces.

Unit V: Traditional Indian Practices (4 hours)

Teaching and Learning Practices in Ancient Bharat; Ethics: Individual and Social; Martial Arts Traditions; Water Harvesting Practices; Traditional Housing; Traditional Agricultural Practices; Weather Forecasting/Prediction; Traditional practices in animal husbandry.
